

Just the Job Information Sheet

Job title

Fashion

Job description

There are almost 100 different jobs in fashion, so with the right technical skills, qualification and attitude, there is a successful career to suit each of you

Qualifications required

Over 70% of New Zealand's top fashion industry companies will only employ NZ Fashion Tech graduates, preferably graduating with the "Diploma in Fashion Technology"

General requirements

A positive, professional, can-do attitude and a broad range of technical skills are essential

Training costs

These vary according to the qualification and career choices you want

Career path

95% of NZ fashion companies find it moderately to extremely difficult to fill new positions. Consequently many NZ Fashion Tech graduates are promoted very quickly

Salary range

This varies but many NZ Fashion Tech graduates receive salaries well above the usual rates

How to increase the chances of successfully entering this industry

Gain the essential skills and qualifications with NZ Fashion Tech, use the career planning modules and regular work experience to focus your learning, meet industry companies and participate in lots of tasks to gain real fashion know-how and find the best possible fashion career to suit you
